SUMMARY

Full Stack Developer with hands-on experience building responsive, scalable, and user-focused web applications. Skilled in both frontend and backend development, with strong knowledge of authentication, API integration, state management, and performance optimization. Known for clean code practices, effective problem-solving, and collaborating smoothly in team environments. Always eager to learn new technologies and improve overall project efficiency.

WORK EXPERIENCE

MERN Stack Intern – Smart Global Domestic Workers Services Center LLC, Dubai   (Remote)   **Mar 2025 Aug 2025**

- Worked on frontend and backend integration tasks.
- Contributed to feature development and resolving bugs
- Supported documentation and deployment activities

Software trainee (MERN Stack) – CYRA Learnings   **April 2024 – Present)**

- Building production-ready MERN applications with reusable components.
- Improving backend performance and responsiveness.
- Collaborating in team environments and contributing to code review

PROJECTS

DILS TRADES – Live MERN E-Commerce Application

- Developed full-featured e-commerce platform with product, cart, and checkout management
- Designed scalable backend APIs and responsive UI components.
- Implemented JWT authentication and payment gateway integration.

RETTROFIT – Live Reverse Engineering Platform

- Built platform for obsolete machine part reverse engineering solutions
- Implemented secure authentication, email notifications, and admin workflows.
- Enhanced UI for smooth navigation and data management

TECHNICAL SKILL

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Next.js, Redux, Context API
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, MySQL, DBMS,Docker
- **Version Control:** Git, GitHub
- **Testing :** Jest

EDUCATION

Bachelor of Science in Computer Science   **(2021 – 2023)**

- Calicut University
